

ThinkCentre M80q Gen 3

Packed with powerful features, this small form factor is designed to enhance productivity day after day and fits seamlessly into modern evolving workspaces. Equipped with up to 64GB DDR5-4800 memory and up to 3 storage drives (1x 2.5" HDD up to 1TB + 2x M.2 SSD up to 2TB each), professionals can experience smooth computing while working on heavy-duty applications or complex data analysis.

Empowering the modern workforce with a streamlined desktop experience

ThinkCentre M8 Series Tiny desktops deliver significant business performance with impressive processing power and platform stability. They are both durable and energy-efficient, requiring minimal space.

Powered by up to 12th Gen Intel Core i9 processors with onboard Intel UHD graphics, content creators can work on 3D renderings and complicated graphs seamlessly. Despite its smaller size, this desktop has 7x USB ports, including a front-facing USB-C connector that can be used for charging mobile devices.

Optional Energy Star and optional EPEAT Silver certifications ensure you save money and reduce environmental impact. Plus, it's TCO certified and comes with optional TUV ultra low noise certified on some configurations.

96% smaller than a traditional desktop - fits on or under a desk, mounted behind a monitor or on desk wall.

Lenovo Services

Lenovo delivers tailored sustainability services, devices, and infrastructure solutions from our broad portfolio, working closely with you to support your target outcomes across the IT lifecycle..

Warranty Extensions

- Purchase additional warranty periods from 1 to 5 years
- Buy at any point with or after your device purchase
