for all

Lenovo

This desktop tower features an all-new 'raven black' design with sleek air intakes, improved cooling performance and TUV Low Noise certification. Many configurations support the latest vPro remote management capabilities, enabling remote diagnosis and repair by IT teams - helping to reduce maintenance costs. The huge range of expansion options make it suitable for a wide range of users - whether for basic admin tasks, data analytics or graphic design.

## REASONS TO BUY

Famously over-engineered, a ThinkCentre is uniquely subjected to more than 100 performance and reliability tests. From unique air-cooled designs to security features like the chassis eLock which prevents unauthorized removal of components; there's a lot more thinking behind a ThinkCentre than your average desktop. No wonder they power the world's leading enterprises.

5x front-mounted USB ports, including 1x USB-C with up to 15W charging power, ensure connectivity to peripherals and mobile devices. A further 4x USB ports and a serial port are located at the rear.

Optimized to reduce power consumption, saving you money and reducing environmental impact. Features Energy Star and EPEAT Silver certifications. TUV low noise and TCO certified for lower cost of ownership.
